

Wednesday 11<sup>th</sup> January 2017

Dear Parents,

**Online safety workshop for parents**

This year's Safer Internet Day is Tuesday 7<sup>th</sup> February and the theme is 'Be the Change: unite for a better internet'. Throughout the week each class will spend one day focusing on how to make the internet a safer place for us all.

As part of our whole school commitment to online safety we have organised a free online safety workshop for parents and carers which will be hosted in the school hall on Monday 6<sup>th</sup> February at 7pm. We would like to invite all parents and carers to attend and find out how to help keep your family safe when online.

The hour-long workshop will help you understand your child's online world and build confidence to have those important conversations that can help keep children safe online. Don't miss out on this great opportunity and please e-mail the school office to confirm your attendance. We can provide a crèche for the duration of this workshop provided numbers are sufficient.

**The online safety of our children and young people is a growing concern and we strongly advise that you attend.**

Many thanks,

Mrs Johanson and Mrs Wright  
Subject Leader for Computing and Deputy Safeguarding Lead.
