

— HOW —
OUR WORLD
— WORKS —

A Series of Evening Talks at Woodborough School, supported by the School Governors.
All pupils in Years 5 & 6 are invited to attend. Talks will last for up to 25 mins followed by Q&A.

9 November, 6.30pm

APACHE HELICOPTERS, INSTRUCTING AND EXPERIMENTING,

The British Army, Engineering, Qinetiq and Boeing presented by James Murrell

Can you spot a Slingsby Firefly, an AS350 Squirrel, an SA341 Gazelle, Chinook or an AH64 Apache?
Listen to James talk about what it's like and how it feels to be involved in developing and flying Apache Helicopters in the British Army (BE THE BEST!), being an Attack Helicopter Weapons Instructor and an experimental test pilot at QinetiQ.

25 January, 6.30pm

REAL OR FAKE?

Presented by Lexie Warburg

Lexie has a BSc Hons in Engineering and has worked in coin and banknote fraud detecting for 22 years. The company she works for handles over 2 billion currency transactions in 120 countries every week..... come and discover some of the secrets of how they decide if the coins and notes are real or fake.

24 May, 6.30pm

HOW LUCKY WE ARE TO HAVE ANY WOODLAND

But who looks after it? Presented by James Noble

James Noble has been a Forester for over 25 years, working to conserve and improve precious Sussex Woodlands. He wants to share his passion for trees, forests and anything to do with wood. Not only does he plant new trees, he uses the timber from old ones for the most imaginative of uses.
