

Kizzy's Newsletter 2nd April

Hi Everyone,

I was so excited on Saturday, I found one of my old balls when Mrs Draisey was clearing some weeds. She threw it for me and it was great fun, until- yes you've guessed it, naughty Tilly stole it. Mrs Draisey laughed and said that she was very funny, I didn't think Tilly was a bit funny. I know that she is younger than me, but should she be able to take my toy, what do you think? Does that sort of thing ever happen to you, how do you feel when it happens and what do you do about it? Perhaps you could give me some ideas of what to do. Maybe if your human has time they could let Mrs Draisey know what you think.

Mrs Draisey did put David Walliams on for us to listen to, that was good fun, she even let us sit on the sofa (very unusual). We listened to The Terrible Triplets, Mrs Draisey took the photograph to show how beautifully we were all sitting, even Tilly!

I have one more bit of good news, because Ava is having puppies she gets special food, her favourite thing is sardines in tomato sauce. Luckily for Ava Mrs Kelly bought her some as Mrs Draisey had run out. That was so kind of Mrs Kelly, especially as we all had a little bit, Ava did good sharing, and they were delicious. Mrs Draisey has told us that we may only be able to have treats now and again, but we don't mind.

I will write again next week.
