

Growing to Serve

'Rooted and grounded in the love of God and in the love of learning'

based on Ephesians 3.14-21

Computing

Intent

Why do we teach this? Why do we teach this the way we do?

The overarching intent for Computing is to:

- **Prepare our pupils for their future in a dynamic digital world.**
- **For the children to use technology competently and safely.**
- **Give children the opportunity to apply, develop and enhance their learning through the use of ICT.**
