

Growing to Serve

'Rooted and grounded in the love of God and in the love of learning'

based on Ephesians 3.14-21

Geography

Intent

Why do we teach this? Why do we teach this the way we do?

The overarching intent for Geography is to:

- ***Develop our children's sense of place within our interconnected world.***
- ***To be inquisitive about the world and the people within it.***
- ***Understand the interaction between human and physical environment and the process within them.***
